**MISSION AUSTRALIA** | together we stand

sign up today

You have the power to give someone a safe home

Support Mission Australia through our Workplace *giving* program

**MISSION AUSTRALIA** | together we stand

## Who is Mission Australia?

**Mission Australia is a national community services organisation that has been helping vulnerable Australians move towards independence for over 160 years.**

Every week they help thousands of Australian children, young people, adults and families to escape and avoid homelessness, overcome poverty and disadvantage, address mental health issues, fight substance dependencies, and much more.

### How does workplace giving work?

**Workplace giving allows you to make regular charity donations through your pre-tax pay.**

Workplace giving is all managed by your payroll office, so there's no ongoing administration for you. And because contributions are made pre-tax, there's no need to collect receipts and wait until tax time to claim your deductions.

Workplace giving is efficient for charities too, reducing administration costs and ensuring more of your money can go where it's needed most.

#### Workplace giving is:

**Easy** – Sign up once and your generous donations will automatically come out of each pay

**Efficient** – Get the tax deduction benefit up front rather than waiting until you do your tax return

**Flexible** – Make changes to your donations at any time

**Rewarding** – Take heart knowing that your donations are helping the people who need it most

## How can I make a difference?

With just  per pay

Just \$3.40 from your take-home pay\*

### You can help:

**Children and their families find emergency accommodation**

**People move towards independence and lead better lives**

**Adults access education and training programs**

**Families establish themselves with essentials for a new home**

**Older people avoid financial hardship and homelessness**

\*Depending on marginal tax rate.
