

You have the power to give someone a safe home

We're proud to support Mission Australia through our

Workplace *giving* program

With just

\$5

per pay

Just \$3.40 from your
take-home pay*

You can help:

- Children and their families find emergency accommodation
- Provide a family with the essentials needed to establish themselves in a new home
- Older people avoid financial hardships and homelessness
- People move towards independence and lead better lives.

Workplace giving is:

Easy – Sign up once and your generous donations will automatically come out of each fortnightly pay

Efficient – Get the tax deduction benefit up front, rather than waiting until you do your tax return

Flexible – Make changes to your donations at any time

How do I get started?

Talk to payroll for more information and to sign up today!
