B – Number of meetings held during the time the Director held

* Retired at 2017 AGM ** Retired 21 August 2017

4. Corporate governance

Mission Australia is committed to proper and effective corporate governance arrangements. As a registered charity regulated by the Australian Charities and Not-for-profit Commission (ACNC), Mission Australia applies the ACNC Governance Standards and in applying them is guided by, where practicable and relevant to do so, the Corporate Governance Principles and Recommendations established by the Australian Securities Exchange Corporate Governance Council.

Directors' Report

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

4. Corporate governance (continued)

The Mission Australia Board has overall responsibility for the financial performance of the Mission Australia Group and the achievement of its founding purpose. The Mission Australia Board recognises its role in overseeing the determination and implementation of policies and processes that reflect good corporate governance aligned with the ACNC Governance Standards, its contractual commitments and stakeholder expectations that together with our Values inform and guide the organisation.

Mission Australia's full corporate Governance Statement is available on the Mission Australia website at missionaustralia.com.au.

5. Principal activities and objectives

In pursuit of its founding purpose, the principal activities of Mission Australia during the financial year were to meet human need and spread the knowledge and the love of God through actions and deeds. Mission Australia assists people in need, regardless of their beliefs, through activities such as accommodation provision, family support services, child care, aged care, and youth and employment services. No significant changes in the nature of these activities occurred during the year.

6. Operating and financial review

6.1 Overview of the Group

Reference in this financial report to the Group relates to the consolidated results of Mission Australia and its controlled entities including Mission Australia Housing, Mission Australia Housing (Victoria), Mission Australia Early Learning and Sir David Martin Foundation.

6.2 Review of operations and results

The Group reported an underlying operating surplus of \$9.5 million (2017: \$15.4 million) which includes fundraising revenue from generous donors and supporters of both Mission Australia and Sir David Martin Foundation. The net surplus for the year of \$28.2 million (2017: \$50.2 million) also includes a range of non-operating items, profit and losses from investments in joint ventures, receipts of capital and housing grants and increases in the fair value of social and affordable housing properties.

In thousands of AUD

	2018	2017

Net surplus for the year	28,219	50,219

Directors' Report

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

6. Operating and financial review (continued)

6.2 Review of operations and results (continued)

Mission Australia is primarily focused on the provision of community, family and children's services and social and affordable housing that are aligned with the organisations strategic goal to reduce homelessness and strengthen communities. A substantial proportion of services are contracted by Federal, State and Territory Government are subject to contestable procurement processes. Consequently, Mission Australia establishes and decommissions services each year as part of normal operating activities and the focus and mix of services may vary from year to year.

Financial discipline and viability of services has continued to be an important factor in service delivery to ensure long term sustainability of the organisation.

The underlying surplus continues to benefit from generous donations and bequests received from supporters of Mission Australia and Sir David Martin Foundation.

6.3 Significant changes in the state of affairs

In the opinion of the Directors, other than as set out in this report, there were no significant changes in the state of affairs of the Group that occurred during the financial year under review.

7. Events subsequent to reporting date

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Group, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

8. Likely developments

Mission Australia Housing is in a consortium with Frasers Property Group to develop a new mixed tenure community in Sydney's Macquarie Park which will ultimately, deliver 950 new social housing dwellings over a 10 year period with the first social housing and services not expected to be active until FY2022.

Mission Australia Housing was also announced on 17 October 2017 as the successful tenderer for the Coffs Harbour / Bellingen package under the NSW Government Social Housing Management Transfer Program. The transfer is effective from mid-2019 and will result in the management of over 1,050 social housing dwellings for a 20 year term.

In December 2018 Mission Australia Early Learning's contract with the Department of Defence to operate the Defence Childcare Program across 20 locations will end. With the termination of the contract we expect a reduction in the Early Learning segment revenues in the 2018/19 financial year.

In the opinion of the Directors, there are no other likely changes in the operations of the Group that will adversely or significantly affect the results of the Group in subsequent financial years.

Directors' Report

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

9. Directors' interests

The Directors had no material interests in contracts or proposed contracts with the Group during the course of the financial year other than that noted in the statutory information of this report.

10. Indemnification and insurance of officers and Directors

As Mission Australia is a company limited by guarantee, none of the Directors has any interest in the profit and assets of Mission Australia but each, as a member, is liable to contribute an amount not exceeding 10 cents.

Mission Australia pays premiums to insure the Directors against liabilities for costs and expenses incurred by them in defending any legal proceedings arising out of their conduct while acting in the capacity of Director, other than conduct involving a wilful breach of duty.

To the extent permitted by law, Mission Australia indemnifies every person who is or has been a Director or officer against any liability to any person incurred while acting in that capacity in good faith and against costs and expenses incurred by that person in that capacity in defending legal proceedings and ancillary matters. Mission Australia operates to the extent that the loss or liability is not covered by a valid and current insurance policy.

Mission Australia has, during the financial year, paid an insurance premium in respect of an insurance policy for the benefit of the Directors and Officers of Mission Australia. The insurance is in the normal course of business and grants indemnity for liabilities permitted to be indemnified by Mission Australia under Section 199 of the *Corporations Act 2001*. In accordance with commercial practice, the insurance policy prohibits disclosure of the terms of the policy including the nature of the liability insured against and the amount of the premium.

11. Performance measurements

The Group monitors its performance against budget and a rolling forecast. The budget is approved by the Board of Directors prior to commencement of the financial year. Financial results are presented to the Board of Directors by senior management of the Group. The Board uses this information for future planning, tracking progress over time and determining whether agreed objectives or standards have been met.

The Board reviews performance based on business segments, which are identified by the type of services being provided. Refer to Note 3 *Operating segments* for more details on performance of individual business segments.

12. Auditor's independence declaration

The Auditor's Independence Declaration is set out on page 10 and forms part of the Directors' Report for the financial year ended 30 June 2018.

13. Registered office

The registered office and principal place of business is Level 7, 580 George Street, Sydney, New South Wales 2000.

14. Founder

In 1862 Benjamin Short founded the Sydney City Mission - the antecedent organisation of Mission Australia. It came into being three years after the Town and Country Mission (later to be known as the Brisbane City Mission) was established in Queensland. In the decades that followed many more missions were set up to proclaim the gospel of Jesus Christ and to care for the colonial poor. In 1997 they officially came together as Mission Australia, a single, unified, non-denominational Christian organisation with an integrated approach to meeting Australia's social needs.

15. Founding Purpose

Inspired by Jesus Christ, Mission Australia exists to meet human need and to spread the knowledge of the love of God without reference to denomination or other distinction.

Directors' Report

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

16. Rounding off

The Group is of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* and in accordance with that Instrument, amounts in the consolidated financial statements and Directors' Report have been rounded off to the nearest thousand dollars, unless otherwise stated.

17. Notice of meeting

The Annual General Meeting of Mission Australia will be held on Monday, 19 November 2018 at Level 7, 580 George Street, Sydney NSW 2000, where this report will be presented.

This report is made in accordance with a resolution of the Directors:

Kenneth Dean

President and Chairman

Sydney, 12 September 2018

Jennifer Lambert

Chairman, Board Audit and Risk Committee

Sydney, 12 September 2018

Auditor's Independence Declaration under Subdivision 60-C section 60-40 of Australian Charities and Not-for-profits Commission Act 2012

To the Directors of Mission Australia

I declare that, to the best of my knowledge and belief, in relation to the audit for the financial year ended 30 June 2018 there have been:

- i. no contraventions of the auditor independence requirements as set out in the Australian Charities and Not-for-profits Commission Act 2012 in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

About this report

1. Reporting entity

Mission Australia (the 'Company') is a company domiciled in Australia. The address of the Company's registered office is Level 7, 580 George Street, Sydney, NSW 2000 Australia. The consolidated financial statements of the

Company as at and for the year ended 30 June 2018 comprise the Company and its controlled entities (together referred to as "the Group" and individually as "Group entities") and the Group's interest in associates.

2. Basis of preparation

- The consolidated financial statements are general purpose financial statements which have been prepared in accordance with the Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the *Australian Charities and Not-for-profits Commission Act 2012*. The consolidated financial statements were authorised for issue by the Board of Directors on 12 September 2018.
- The consolidated financial statements have been prepared on the historical cost basis except for the following:
 - derivative financial instruments are measured at fair value;
 - financial instruments at fair value through profit or loss are measured at fair value; and
 - Investment properties are measured at fair value.

The methods used to measure fair values are discussed further in Note 19. The financial report has been prepared on a going concern basis.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

Our key numbers and fundraising

This section provides the information that is the most relevant to understanding the financial performance of the Group during the financial year including the performance of divisions and fundraising.

Mission Australia continues to receive generous financial support from a broad cross section of Australian society.

3. Operating segments

During the year the Group comprised the following main reportable segments:

Division	Primary activities
Community services	The improvement of health, well-being, social and economic participation of Australians who are disadvantaged as well as supporting access to stable, secure and long-term accommodation / crisis accommodation.
Housing services	The provision of social and affordable housing to people in need.
Early learning	The provision of high-quality early learning and long day care for children.
Fundraising	Fundraising activities raise money from donors to contribute towards current and future services that meet human need. This segment combines the fundraising activities of both Mission Australia and the Sir David Martin Foundation.
Other	Other operations include corporate services and miscellaneous activities not listed above.

The Directors and management monitor the operations by the above reportable segments. All of the above mentioned segments are managed solely in Australia.

Other miscellaneous revenue	2,350	2,733
	291,808	312,464

Accounting Policy

Services revenue

Revenue from services rendered is recognised upon the delivery of service to the customers.

Rental revenue

Rental revenue from investment property is recognised as revenue on a straight-line basis over the term of the lease. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease. Rental revenue from other property is recognised as other revenue.

Sale of goods

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates.

Revenue is recognised when the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the

amount of revenue can be measured reliably. Revenue is measured net of returns, trade discounts and volume rebates.

Fundraising revenue

Fundraising revenue is recognised on receipt of cash or credit card donations. Pledges are only recognised as income if they are enforceable.

Change in Fair Value of Investment Properties

Investment property is initially measured at cost and subsequently at fair value with any change therein recognised in profit or loss.

Revenue from capital and housing grants

Revenue from capital and housing grants is recognised to the extent that the significant risks and rewards associated with the grant have been transferred to the Group; the significant act underlying the grant agreement has been fulfilled; and the funds have been expended (where applicable) for the grant purpose.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

5. Fundraising information

As required by the *Charitable Fundraising Act (NSW) 1991* and regulations (similar but not identical provisions exist in Queensland, Western Australia and South Australia Fundraising Acts).

Various fundraising activities were conducted during the year including appeals, regular giving, major gifts and corporate partnerships.

Fundraising appeals conducted during the year

In thousands of AUD

Results of fundraising appeals

	2018	2017
(a) Gross proceeds from fundraising appeals	27,085	27,989
Less: direct costs of fundraising appeals	(4,937)	(5,811)
Net surplus obtained from fundraising appeals	22,148	22,178
(b) The proceeds of fundraising are primarily applied to support community Service programs that are consider important in pursuing the funding purpose and strategic goals of Mission Australia	171,673	161,834

Gross proceeds from fundraising appeals for 2018 includes bequests of \$8.2 million (2017: \$7.4 million).

Notes to the Consolidated Financial Statements

Unrestricted Properties

Mission Australia Unrestricted Owned Properties include investment properties for Mission Australia and Mission Australia Housing.

Social Housing Growth Fund grant (SHGF)

Mission Australia Housing received grants in the past from the New South Wales Land and Housing Corporation to purchase properties that could be affordably rented by people in need. One of the grant conditions provided that Mission Australia Housing secured additional finance of \$14.0 million, by using the properties as security for a loan facility, established in 2011 which remains fully drawn.

Nation Building Economic Stimulus Plan (NBESP)

In 2011, Mission Australia Housing assumed ownership of 68 property sites containing 1,055 dwelling units from Housing NSW. The properties are governed by NSW Nation Building Economic Stimulus Plan (NBESP), a Social Housing Initiative.

Common Ground

In 2014, Mission Australia Housing became the owner of 104 units at 31 Pyrmont Bridge Road, Camperdown that are part of the Camperdown Common Ground Project.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

6. Investment property (continued)

Restrictions

The NBESP and Camperdown Common Ground grants are subject to certain conditions. Failure to comply with these conditions could result in returning the assets to the funding bodies. Mission Australia Housing has assessed the likelihood of breaching or being non-compliant to these conditions as less than remote.

Assets received from Camperdown Common Ground grant and those received under NBESP scheme are classified as restricted because of the conditions provided in the respective agreements. The SHGF agreements restrict sale of assets for the term of the agreement. The assets received under the NBESP scheme restrict the use of sale proceeds where these proceeds can only be used towards purchase of similar social housing stock.

Security

At 30 June 2018, investment properties with a carrying amount of \$354.76 million; (2017: \$347.8 million) are subject to a mortgage to secure bank loans.

Accounting Policy

Recognition and measurement

Investment property is initially measured at cost and subsequently at fair value with any change therein recognised in profit or loss.

Any gain or loss on disposal of an investment property (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit and loss. When an investment property that was previously classified as property, plant and equipment is sold, any related amount included in the revaluation reserve is transferred to accumulated surplus.

Valuation methodology

Independent valuations are obtained for each investment property at least once every three years. Investment properties in Mission Australia Housing are used for rental purposes to provide social and affordable housing.

In accordance with AASB 13 *Fair Value Measurement*, the Group has determined the highest and best use for the properties in Mission Australia Housing to be residential dwellings.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

Accumulated depreciation	(7,143)	(8,020)	(4,662)	(4,615)	-	(24,440)

Land and buildings are held at cost less accumulated depreciation.

Security

At 30 June 2018, Land and buildings with a carrying amount of \$34.5 million (2017: \$42.1 million) are subject to a mortgage to secure bank loans.

Accounting Policy

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. If significant parts of items of property, plant and equipment have different useful lives, then they are accounted for as separate items.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that future economic benefits associated with the expenditure will flow to the Group.

Depreciation

Depreciation is calculated to write off the cost of property, plant and equipment less their estimated

residual values, using the straight line method over the estimated useful life and recognised in profit or loss.

Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term.

The estimated useful lives are as follows:

- Buildings 40-50 years
- Leasehold Improvements 3-10 years
- Plant, equipment & IT assets 3-5 years

Depreciation methods, useful lives and residual values are reviewed at each financial year end.

Impairment

Non-financial assets

The carrying amounts of the Group's non-financial assets, other than investment property, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

8. Intangible assets

Computer Software	2018	2017
<i>In thousands of AUD</i>		
Carrying amount as at 1 July	1,796	3,590
Acquisitions	2,411	154
Disposal	(73)	-
Amortisation	(1,772)	(1,948)
Closing net book value as at 30 June	2,362	1,796
Assets cost	23,438	21,100
Accumulated amortisation	(21,076)	(19,304)

Accounting Policy

Software

Software acquired or internally developed and has a finite useful life is measured at cost less accumulated amortisation and impairment losses.

Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss as incurred.

Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual value using the straight-line method over the estimated useful lives. Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Bed Licence

Bed Licences are granted for no consideration by the Department of Health and Ageing in perpetuity and their useful life is considered to be indefinite. They are recognised at their fair value on the date of acquisition only if it is probable that the future economic benefits attributable to the bed licences will flow to the Company and the fair value of bed licences can be measured reliably. Purchased bed licences are recognised at their cost of acquisition on the acquisition date.

The Group owns 192 bed licences which were granted by the Australian Government Department of Health and Ageing for no consideration.

In the absence of an active market and having regard to restrictions attached to the bed licences granted to the Group, the Directors have determined their fair value in use to be nil.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

9. Commitments

9.1 Capital commitments

Mission Australia Housing has contractual commitments with Housing NSW, as a condition of the transfer of properties under the NBESP scheme

and with Housing Tasmania, towards increasing the social and affordable housing stock in NSW and Tasmania.

9.2 Leases as lessor

The Group leases out its investment property (see Note 6). The future minimum lease receipts under non-cancellable leases are as follows:

In thousands of AUD

Less than one year
Between one and five years
More than five years

	2018	2017
Less than one year	436	1,652
Between one and five years	79	62
More than five years	-	-
	515	1,714

During the year, \$22.8 million was recognised as rental income in profit and loss (2017: \$18.6 million).

9.3 Housing commitments

As a Community Housing Provider, Mission Australia Housing has set aside investment and cash assets for scheduled repairs and maintenance of housing properties. Refer to Note 11 *Investments* and Note 15 *Cash and Cash Equivalents* for details of assets set aside in the current financial year.

Failure to meet maintenance obligations may result in withdrawal of the Company's registration as a Community Housing Provider and other consequences of default within its contract with Housing NSW and Housing Tasmania.

9.4 Operating leases as lessee

Non-cancellable operating lease rentals are payable as follows:

In thousands of AUD

Less than one year
Between one and five years
More than five years

	2018	2017
Less than one year	17,327	14,521
Between one and five years	30,424	24,887
More than five years	10,384	11,845
	58,135	51,253

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

9. Commitments (continued)

The Group leases a number of properties, motor vehicles and IT equipment under operating leases. The commitments greater than five years all relate to rental property leases. Other leases typically run for a period of three years, with an option to renew the lease after that date. Some leases provide for additional rent payments that are based on changes in a local price index.

During the year ended 30 June 2018, the Group recognised \$15.2 million (2017: \$17.9 million) as an expense in the income statement in respect of operating leases.

Accounting Policy

Lease payments

Payments made under operating leases are recognised in profit or loss on a straight-line basis over the term of the lease.

Lease incentives received are amortised over the term of the lease and netted off against the lease expenses.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

10. Trade and other receivables

In thousands of AUD

Current

Trade receivables
Other receivables

	<u>6,743</u>	<u>6,612</u>
	<u>15,424</u>	<u>18,173</u>

The Group's exposure to credit risks and impairment losses related to trade and other receivables are disclosed in Note 18.

Accounting Policy

Impairment

Non-derivative financial assets

Financial assets not classified at fair value through profit or loss, including interests in equity accounted investees, are assessed at each reporting date to determine whether there is objective evidence of impairment.

Financial instruments

The Group classifies non-derivative financial assets into the following categories:

- financial assets at fair value through profit or loss
- loans and receivables.

Non-derivative financial assets – Recognition and derecognition

The Group initially recognises loans, receivables and debt securities issued on the date when they are originated. All other financial assets and financial liabilities are initially recognised on the trade date.

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which

substantially all the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognised financial assets that is created or retained by the Group is recognised as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the *Statement of Financial Position* when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Non-derivative financial assets – Measurement Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less any impairment losses.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

11. Investments

In thousands of AUD

Current investments

	2018	2017
Opening balance	18,595	17,121
Additions	12,000	-
Movement in fair value	3,878	1,474
Financial assets designated at fair value through profit or loss	34,473	18,595
Term deposits	33,102	30,000
Term deposits - sinking fund	4,082	4,000
	71,657	52,595
Non Current investments		
Term deposits	2,200	2,200

The financial assets designated at fair value through profit or losses are equity securities and term deposits managed by JB Were and Westpac. Fair value represents the market value of the financial assets at balance date. The Group's exposure to credit and equity price risks related to other investments is disclosed in Note 18.

Mission Australia Housing sets aside resources for the periodic repair and maintenance of housing properties in accordance with its long-term asset management plan. These resources are held as sinking fund assets in the form of investments above and cash (see note 15).

Accounting Policy

Non-derivative financial assets - Measurement

Financial assets at fair value through profit or loss

A financial asset is classified at fair value through profit or loss if it is classified as held for trading or is designated as such upon initial recognition. Directly attributable transaction costs are recognised in profit or loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein, including any interest or dividend income, are recognised in the profit or loss.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

Our financing and capital structure

This section provides information relating to the Group's capital structure and its exposure to financial risk, how they affect the Group's financial position and performance and how the risks are managed.

12. Loans and borrowings

This note provides information about the Group's interest-bearing loans and borrowings which are measured at amortised cost. For more information about the Group's exposure to interest rate risk and liquidity risk, see Note 18.

Terms and conditions of outstanding loans were as follows:

In thousands of AUD	Currency	Average interest rate	Year of maturity	30 June 2018		30 June 2017	
				Face Value	Carrying amount	Face value	Carrying amount
Secured bank loans	AUD	3.2%	2022	22,930	22,930	22,930	22,930

The Company has a \$6.0 million (2017: \$11.0 million) overdraft facility with its bankers. As at 30 June 2018, this facility remained unutilised (2017: Nil).

The bank loans are secured over land and buildings and investment properties with a carrying amount of \$389.0 million (2017: \$389.9 million).

Accounting Policy

Financial instruments

Derivative financial instruments and hedge accounting

The Group holds derivative financial instruments to hedge its interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if certain criteria are met.

Derivatives are initially recognised at fair value; any directly attributable transaction costs are recognised in profit or loss as incurred. Subsequent to initial recognition, derivatives are measured at fair value,

and changes therein are generally recognised in profit or loss. *Cash flow hedges*

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in fair value of the derivative is recognised in other comprehensive income and presented in the hedging reserve. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in profit or loss.

The amount accumulated in equity is retained in other comprehensive income and reclassified to profit or loss in the same period or periods during which the hedge item affects profit or loss.

If the hedging instrument no longer meets the criteria for hedge accounting, expires or is sold, terminated or exercised, or the designation is revoked, then hedge accounting is discontinued prospectively. If the forecast transaction is no longer expected to occur, then the amount accumulated in equity is reclassified to profit or loss.

	100	209
	4,588	4,109
	2,990	3,947
	2,990	3,947

Accounting Policy

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

Onerous lease provision

The Group recognise an onerous lease provision in relation to underperforming and loss making leasehold premises.

Make good provision

The Group recognises a make good provision in relation to its leasehold properties. The make good provisions are recognised at the best estimate of the costs to be incurred in settling the obligation.

Restructuring provision

A provision for restructuring is recognised when the Group has approved a detailed and formal restructuring plan, and the restructuring either has commenced or has been announced publicly. Future operating losses are not provided for.

14. Capital and reserves

14.1 Hedging reserve

The hedging reserve comprises the effective portion of the cumulative net change in the fair value of cash flow hedges related to hedged transactions that have not yet occurred.

14.2 Accumulated surplus

Accumulated surplus comprises an aggregate of the retained earnings.

14.3 Restricted accumulated surplus

The Group has restricted accumulated surplus of \$397.1 million (2017: \$389.5 million) in the current financial year. This consists of the following transactions/balances:

In thousands of AUD

Opening balance
Fair value of properties purchased from Better Housing Future
Surplus of housing entities recognised as restricted

	2018	2017
	389,509	367,242

Finance income	4,048	3,418
Interest expense on financial liabilities	(1,594)	(1,496)
Finance expense	(1,594)	(1,496)
Net finance income recognised in surplus	2,454	1,922

Accounting Policy

Finance income and expense

The Group's finance income and finance costs include:

- interest income;
- interest expenses;
- dividend income; and
- changes in the fair value of financial assets at fair value through profit or loss.

Interest income or expenses are recognised using the effective interest method. Dividend income is recognised in profit or loss on the date on which the Group's right to receive payment is established.

17. Deferred income

Deferred income for the Group of \$19.6 million (2017: \$18.7 million) consists of government grants received in advance for services to be rendered by the Group. The Group has been awarded numerous government grants. Deferred income is amortised over the period to which the advance relates.

Accounting Policy

Government grants

Unconditional government grants are recognised in profit or loss as other income when the grant becomes receivable

Other government grants are recognised initially as deferred income at fair value when there is reasonable assurance that they will be received and that the Group will comply with the conditions associated with the grant.

Grants that compensate the Group for expenses incurred are recognised in profit or loss as other income on a systematic basis in the same periods in which the expenses are recognised.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

18. Financial risk management

18.1 Overview

The Group has exposure to the following risks from its use of financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

18.2 Risk management framework

A financial instrument is any contract that gives rise to both a financial asset of one entity and a financial liability or equity instrument of another entity. The Group manages its financial, credit and market risk using various financial instruments, governed by a set of policies approved by the Board. Processes are then established by management to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group, through its reporting

This note presents information about the Group's exposure to each of the above risks, its objectives, policies and processes for measuring and managing risk, and the management of capital. Further quantitative disclosures are included throughout these consolidated financial statements.

and monitoring, and in its training and management activities, aims to develop a disciplined and effective control environment in which all employees understand their roles and obligations, and by which means risks are appropriately managed.

The Group uses different methods to assess and manage risks including dealing only with quality counterparties, a hedging policy, liquidity management processes, procedures for dealing with rental agreements and monitoring of loan covenants. .

18.3 Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investment in debt securities.

The carrying amount of financial assets represents the maximum credit exposure.

i. Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the characteristics of each customer. The Group's customers are primarily individual clients receiving services, residents occupying

accommodation, Federal and State Government, and financial institutions.

Losses have occurred infrequently. An impairment allowance is recognised when a receivable is not expected to be collectable. The Group does not require any collateral in respect of trade and other receivables.

The carrying amount and Group's maximum exposure to credit risk for trade and other receivables at the reporting date by type of customer is shown in the table. It does not include fair value information for financial assets not measured at fair value if the carrying amount is a reasonable approximation of fair value.

In thousands of AUD

	2018	2017
Governments	8,468	9,982
Early learning customers	1,116	683
Other customers	2,474	4,142
Subordinated notes in Goodstart Early Learning	3,366	3,366
	15,424	18,173

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

18. Financial risk management (continued)

18.3 Credit risk (continued)

i. Trade and other receivables (continued)

Impairment losses

The ageing of the Group's current trade receivables is disclosed below.

<i>In thousands of AUD</i>	2018	2017
Not past due	6,231	9,800
Past due 0-30 days	120	1,035
Past due 31-120 days	2,330	726
	8,681	11,561

Trade and other receivables that are considered higher risk have been provided for. Based on the historical default rates and debtor analysis and Group's monitoring of customer credit risk, no impairment allowance is considered necessary in respect of trade receivables not past due.

Not past due or past due 0-30 days balances represent over 73 per cent of the total balance and

the remaining balance relates to customers that have a good credit history with the Group.

The credit quality of trade and other receivables is assessed based on a credit policy established by management. The Group has monitored customer credit risk, by grouping trade and other receivables based on their characteristics.

An analysis of the credit quality of trade and other receivables not impaired is as follows:

<i>In thousands of AUD</i>	2018	2017
Receivable from State and Federal governments (low risk)	8,468	9,982
Receivable from related parties (low risk)	3,366	3,366
Other customers:		
- Four or more year trading history with the Group	1,546	2,848
- Less than four years of trading history with the Group	2,044	1,977
- Higher risk	-	-
	15,424	18,173

ii. Investments

The Group limits its exposure to credit risk by only investing in liquid securities and only with counterparties which have very high credit ratings. Management actively monitors credit ratings and given that the Group have only invested in securities with high credit ratings, management does not expect any counterparty to fail to meet its obligations.

iii. Guarantees

The Group's policy is to provide financial guarantees only to controlled entities.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

18. Financial risk management (continued)

18.4 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group aims to have sufficient cash or cash equivalents on demand and investments that can be liquidated at short notice to meet operational expenses for a period of 60 days, including the servicing of financial obligations. In addition, the Group maintains \$34.22 million combined bank

facilities that are secured by registered mortgages over certain freehold properties of the company. Interest would be payable on a daily basis at an average rate of 3.76 per cent.

Exposure to liquidity risk

The following table indicates:

- The contractual maturities of financial liabilities, including estimated interest payments. Contractual amounts are expected payments that have not been discounted.
- The periods in which the cash flows associated with cash flow hedges are expected to occur and the fair value of the related hedging instruments.

2018 <i>In thousands of AUD</i>	Carrying amount	Contractual cash flows	6 months or less	6-12 months	More than 12 months
Non-derivative financial liabilities *					
Trade and other payables	25,276	25,276	25,079	-	197
Loans and borrowings	22,930	25,501	356	356	24,789
	48,206	50,777	25,435	356	24,986
Derivative financial liabilities					
Interest rate swap used for hedging	277	277	-	-	277
2017					
<i>In thousands of AUD</i>	Carrying amount	Contractual cash flows	6 months or less	6-12 months	More than 12 months
Non-derivative financial liabilities *					
Trade and other payables	24,367	24,367	23,945	-	422
Loans and borrowings	22,930	25,690	388	388	24,914
	47,297	50,057	24,333	388	25,336

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

18. Financial risk management (continued)

18.4 Liquidity risk (continued)

Exposure to liquidity risk (continued)

The gross inflows (outflows) disclosed in the previous table represent the contractual undiscounted cash flow relating to derivative financial liabilities held for risk management purposes and which are usually not closed out prior to contractual maturity. The disclosure shows net cash flow amounts for derivatives that are net cash-

settled and gross cash inflow and outflow amount for derivatives that have simultaneous gross cash settlement.

As disclosed in Note 12, the Group has one secured bank loan which contains debt covenants. The breach of any covenant may require the Group to repay the loan earlier than indicated in the above table.

18.5 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices - will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Group uses derivatives to manage market risks. All such transactions are carried out within the guidelines set by the Board.

i. Currency risk

The Group is not exposed to significant currency risk.

ii. Interest rate risk

Interest rate risk refers to the risk that the value of a financial instrument or cash flows associated with the instrument will fluctuate due to changes in market interest rates. Interest rate risk arises from interest-bearing financial assets and liabilities that the Group utilises. Interest-bearing financial assets are generally short-term liquid assets. The Group's interest rate liability risk arises primarily from external borrowing at variable interest rates which exposes the Group to cash flow interest rate risk.

Exposure to interest rate risk

At the reporting date, the interest rate profile of the Group's interest-bearing financial instruments was as follows:

<i>In thousands of AUD</i>	2018 Carrying amount	2017 Carrying amount
Fixed rate instruments		
Financial assets	101,166	70,953
Effect of interest rate swaps	(25,202)	(26,027)
	75,964	44,926
Variable rate instruments		
Financial liabilities	(22,930)	(22,930)
Effect of interest rate swaps	25,202	26,027
	2,272	3,097
	78,236	48,023

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

18. Financial risk management (continued)

18.5 Market risk (continued)

Sensitivity analysis

Fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group does not designate derivatives (interest rate swaps) as hedging instruments under a fair value accounting model. Therefore a change in interest rates would not affect profit or loss.

Variable rate instruments

A change of 1 per cent in average bank loan interest rate would have increased / (decreased) equity and profit or loss by \$22,930 (2017: \$15,320).

iii. Other market price risk

Equity price risk arises from financial assets designated at fair value through profit or loss held

by the Group in the form of investments in listed equities. The portfolio of investments is managed by external portfolio managers, who buy and sell equities based on their analysis of returns. The asset position and returns are reported to the Investment and Finance Risk Committee on a regular basis.

The other investments in wholesale funds of \$34.5 million (2017: \$18.6 million) are exposed to equity price risk. A 1 per cent change in equity prices at reporting date would have increased / decreased surplus and deficit and equity by approximately \$0.22 million (2017: \$0.18 million).

Exposure to foreign currency risks is not considered to be a significant risk given the proportion of the investments held in international funds. The most significant risk is equity price risk.

19. Determination of fair values

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and / or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

19.1 Investment property

Investment properties are held at fair value based on a determination of their highest and best use and follows the fair market hierarchy disclosed in Note 19.6. An external, independent company, having appropriate professional qualifications and experience in the location and category of property is appointed to undertake investment property

valuations. Properties are selected for independent valuation on a rotational basis to ensure each property is valued at least once every three years. The fair values are based on market values, being the estimated amount for which a property could be exchanged on the date of the valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably and willingly.

In the absence of current prices in an active market, the valuations are prepared by considering the aggregate of the estimated cash flows expected to be received from renting out the property. A yield that reflects the specific risks inherent in the net cash flows is then applied to the net annual cash flows to arrive at the property valuation.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

19. Determination of fair values (continued)

19.1 Investment property (continued)

Valuations consider, where appropriate, the type of tenants actually in occupation or responsible for meeting lease commitments or likely to be in occupation after letting vacant accommodation, and the market's general perception of their creditworthiness; the allocation of maintenance and insurance responsibilities between the Group and the lessee; and the remaining economic life of the property. When rent reviews or lease renewals are pending with anticipated reversionary increases, it is assumed that all notices, and when appropriate counter-notices, have been served validly and within the appropriate time.

19.2 Investments in equity and debt securities

The value of financial assets at fair value through profit or loss is determined by reference to their quoted closing bid price at the reporting date.

19.3 Trade and other receivables

The fair value of trade and other receivables is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. This fair value is determined for disclosure purposes.

19.4 Non-derivative financial liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date. For finance leases, the market rate of interest is determined by reference to similar lease agreements.

19.5 Fair values versus carrying amounts

The fair values of financial assets and liabilities, together with the carrying amounts shown in *statement of financial position*, are as follows:

	Note	2018		2017	
		Carrying amount	Fair value	Carrying amount	Fair value
<i>In thousands of AUD</i>					
Cash and cash equivalents	15	24,265	24,265	22,741	22,741
Trade and other receivables	10	15,424	15,424	18,173	18,173
Investments	11	73,857	73,857	54,795	54,795
Trade and other payables		(25,276)	(25,276)	(24,367)	(24,367)
Loans and borrowings	12	(22,930)	(22,930)	(22,930)	(22,930)
Interest rate swap used for hedging		(277)	(277)	(982)	(982)
		65,063	65,063	47,430	47,430

The carrying amounts of all assets and liabilities are at amortised cost except for interest rate swaps and investment securities that are recognised as

financial assets designated with changes in fair value reflected through profit or loss.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

19. Determination of fair values (continued)

19.6 Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method.

The different levels have been defined as follows:

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - inputs other than quoted prices included within level 1 that are observable for

the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3 - input for the asset or liability that is not based on observable market data (unobservable inputs).

In thousands of AUD

30 June 2018

	Level 1	Level 2	Level 3	Total
Investments	34,473	-	-	34,473
Interest rate swap used for hedging	-	(277)	-	(277)
	34,473	(277)	-	34,196

In thousands of AUD

30 June 2017

	Level 1	Level 2	Level 3	Total
Investments	18,595	-	-	18,595
Interest rate swap used for hedging	-	(982)	-	(982)
	18,595	(982)	-	17,613

Interest rate swaps used for hedging are valued based on mark to market valuation provided by the financier. The valuation is further assessed for credit risk of both parties.

Accounting Policy

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values.

Management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then Management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of IFRS, including the level in the fair value hierarchy in which such valuations should be classified.

Significant valuation issues are reported to the Board Audit and Risk Committee.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

19. Determination of fair values (continued)

Accounting Policy (continued)

Measurement of fair values (continued)

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- *Level 1*: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2*: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- *Level 3*: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

- Note 6 – *Investment property*
- Note 18 – *Financial risk management*

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

Our group structure

This section explains significant aspects of the Mission Australia group structure including joint arrangements that the Group has an interest in. It also provides information on Mission Australia's related parties.

20. Equity accounted investments

<i>In thousands of AUD</i>	2018	2017
Share of equity	-	1,746
Share of profit for the year	-	(1,522)
Proceeds received on disposal of Mission Providence Pty Ltd	6,458	-
Investment in Mission Providence Pty Ltd	-	224
Total equity accounted investment in associates and joint venture	-	224

On 29 September 2017 Mission Australia and other shareholders completed the sale of Mission Providence to Konekt Limited for a purchase price of \$23.6 million. After adjustments, Mission Australia received \$6.7 million to record a gain on sale of \$6.5 million.

The summary financial information for the investment in associates, not adjusted for the percentage of ownership held by the Group, is as follows:

<i>In thousands of AUD</i>	Ownership	Assets	Liabilities	Revenues	Profit / (loss)
as at June 2018					
Mission Providence Pty Ltd	0.0%	-	-	-	-
as at June 2017					
Mission Providence Pty Ltd	25.0%	19,033	18,136	52,180	(6,081)

Significant influence

Equity accounted associates are those entities in which the Group has economic and equity interest of more than 20 per cent giving rise to significant influence.

Prior to September 2017, Mission Australia had 40% voting rights and 25% economic interest in Mission Providence Pty Ltd. Mission Australia had joint control over Mission Providence, its operations and the future strategic direction it took.

Such an arrangement fell within the scope of AASB 11 *Joint Arrangement* as it has the following characteristics:

- The parties are bound by a contractual arrangement;

- The contractual arrangement gives two or more of those parties joint control of the arrangement.

Accounting treatment of share of profit / loss for the year.

The Group's share of profit or loss from Mission Providence Pty Ltd is recognised as income or expense in Consolidated Statement of Profit or Loss and Other Comprehensive Income and as an asset in the Consolidated Statement of Financial Position. The asset recognised in the Consolidated Statement of Financial Position represents the Group's interest in Mission Providence.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

21. Group entities

Controlled entities, Mission Australia Early Learning, Mission Australia Housing, Mission Australia Housing (Victoria), Sir David Martin Foundation, Mission Australia Services (Dormant), Mission Australia Foundation (Dormant), Mission Australia Capital Fund Pty Ltd (Dormant) and Mission Australia Future Foundation Unit Trust, City Mission Employees Retirement Fund Pty Ltd (Dormant), Mission

Australia Housing Partnership Limited, all are incorporated in Australia and 100% owned by Mission Australia.

Mission Australia Housing and Mission Australia Housing (Victoria) have restrictions on the distribution of dividends and capital to the Company.

Accounting Policy

Basis of consolidation

Controlled entities

The Group controls an entity when it is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of controlled entities are included in the consolidated financial statements from the date that control commences until the date that control ceases. The accounting policies of controlled entities have been changed when necessary to align them with the policies adopted by the Group.

Mission Australia Housing and Mission Australia Housing (Victoria) have been registered as Housing Associations, which are subject to various restrictions in New South Wales, Tasmania and Victoria, in particular around their ability to make distributions of profit or capital to the Company. AASB 10 Consolidated Financial Statements require that these entities be consolidated, as control, rather than appropriation of capital, is the overriding determinant of whether an entity is consolidated.

Transactions eliminated on consolidation

Intra-group balances, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

Gains and losses are recognised when the contributed assets are consumed or sold by the equity accounted investees or, if not consumed or sold by the equity accounted investee, when the Group's interest in such entities is disposed of.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

22. Parent entity disclosures

As at, and throughout, the financial year ended 30 June 2018 the parent entity of the Group was Mission Australia.

<i>In thousands of AUD</i>	2018	2017
Result of parent entity		
Profit for the period	19,079	29,027
Total comprehensive income for the period	19,079	29,027
Financial position of parent entity at year end		
Current assets	86,052	69,070
Non-current assets	108,232	103,661
Total assets	194,284	172,731
Current liabilities	51,095	48,361
Non-current liabilities	10,366	10,626

Our people

This section provides details of the Group's employee costs, including Key Management Personnel.

23. Personnel expenses

In thousands of AUD

	2018	2017
Wages and salaries	150,652	146,016
Other associated personnel expenses	12,268	9,602
Contributions to defined contribution plans	14,152	13,754
	177,072	169,372

Accounting Policy

Short-term benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Other long-term employee benefits

The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Remeasurements are recognised in profit or loss in the period in which they arise.

Termination benefits

Termination benefits are expensed at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the end of the reporting period, then they are discounted.

Defined Contribution plan

Obligations for contribution to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that cash refund or a reduction in future payments is available.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

24. Related parties

24.1 Key Management personnel compensation

The key management personnel compensation included in 'personnel expenses' (see Note 23) is as follows:

<i>In AUD</i>	2018	2017
Short-term employee benefits	2,456,176	2,015,941
Other long-term benefits	146,712	28,464
Post-employment benefits	213,417	190,530
	2,816,306	2,234,935

The compensation disclosed above represents an allocation of the key management personnel's compensation from the Group in relation to their services rendered to the Company.

24.2 Individual Directors' compensation disclosures

Mr N S Barnett is a Director of Insync Surveys, which provides Mission Australia with employee surveys on normal commercial terms. He is also a Chairman of Ansvar Insurance that provides insurance services to Mission Australia on normal commercial terms.

The Directors provide their services to Mission Australia on an honorary basis and receive no direct remuneration in respect of the services provided and no indirect remuneration.

Apart from the details disclosed in this note, no Director has entered into a material contract with the Company or the Group since the end of the previous financial year and there were no material contracts involving Directors' interests existing at year-end.

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

Other disclosures

This section provides details of other disclosures relating to the Group to comply with accounting standards and other pronouncements.

25. Contingencies

The Directors are of the opinion that provisions are not required in respect of contingencies, as it is not probable that a future sacrifice of economic benefits will be required or that the amount is not capable of reliable measurement.

26. Subsequent events

There have been other events subsequent to the balance date which would have a material effect on the Group's financial statements at 30 June 2018.

27. Members' guarantee

Mission Australia is a company limited by guarantee. In the event of the Company being wound up, each member is liable to contribute an amount not exceeding 10 cents.

28. Auditor's remuneration

	2018	2017
Audit and review of financial statements	253,000	232,000

KPMG also provided audit services for approximately 120 (2017: 231) projects that require an audited acquittal statement by the funding bodies. The cost of the acquittal audit services provided by KPMG in 2018 was \$123,600 (2017: \$209,000). These costs were acquitted to the individual projects.

KPMG also provided non audit services for funding bid advisory services and due diligence at a cost of \$742,000 (2017: \$nil) and training and development at a cost of \$34,000 (2017: \$nil).

Notes to the Consolidated Financial Statements

Annual Financial Report 30 June 2018 | Mission Australia and its controlled entities

29. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements, and have been applied consistently by Group entities.

29.1 Income tax

The Mission Australia entities (with the exception of Mission Australia Capital Fund Pty Limited) are appropriately endorsed as required by the Australian Taxation Office from 1 July 2005, or as otherwise incorporated, for income tax exemption. Donations of two dollars or more given to the following entities attract income tax deductibility for the donors to:

- Mission Australia
- The Trustee for Sir David Martin Foundation
- The Trustee for Mission Australia Foundation
- Mission Australia Housing
- Mission Australia Housing (Victoria)
- Mission Australia Early Learning

29.2 Financial liabilities

The Group classifies non-derivative financial liabilities into the other financial liabilities category.

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. Financial assets and liabilities are offset and the net amount presented in the *Statement of Financial Position* when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Non-derivative financial liabilities - Measurement

Non-derivative financial liabilities are initially recognised at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest rate method.

29.3 New Standards and interpretations not yet adopted

At the date of authorisation of the financial report, the following relevant Standards and Interpretations were issued but not yet effective:

- AASB 9 *Financial Instruments (effective date 1 Jan 2018)*
- AASB 1058 *Income of Not-for-profit Entities (effective date 1 Jan 2019)*
- AASB 15 *Revenue from Contracts with Customers, Amendments to Australian Accounting Standards arising from AASB 2015-8 (effective 1 Jan 2019)*
- AASB 16 *Leases (effective 1 Jan 2019)*

The Group is assessing the potential impact on its financial statements of these new and revised Standards and Interpretations.

The Group has reviewed the potential impact of AASB 9 Financial Instruments and does not expect there to be a material valuation or disclosure impact on the assets of the Group.

The Group has operating lease commitments as disclosed in Note 9.4. The disclosed amounts indicate that the impact of AASB 16 Leases will result in a material gross up of the total assets and liabilities of the Group.

Directors' Declaration

In the opinion of the Directors of Mission Australia ('the Company'):

- a) the consolidated financial statements and notes set out on pages 11 to 46 are in accordance with the *Australian Charities and Not-for-profits Commission Act 2012*, including:
 - i. giving a true and fair view of the Group's financial position as at 30 June 2018 and of its performance, for the financial year ended on that date; and
 - ii. complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Australian Charities and Not-for-profits Commission Regulation 2013*.
- b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- c) The Directors draw attention to Note 2 to the consolidated financial statements, which include a statement of compliance with International Financial Reporting Standards.

Signed in accordance with a resolution of the Directors:

Dated at Sydney, 12 September 2018.

Kenneth Dean
President and Chairman

Jennifer Lambert
Chairman, Board Audit and Risk Committee

Chairman's Declaration

Declaration to be furnished under the *Charitable Fundraising Act 1991 NSW*. This declaration is made in accordance with Authority Conditions 7(4) and 7(5) issued by the Minister under Section 19 of the *Charitable Fundraising Act 1991 NSW*.

I, Kenneth Dean, President and Chairman of the Board of Mission Australia, declare that in my opinion:

- a) the consolidated financial statements give a true and fair view of all income and expenditure of Group with respect to fundraising appeals; and
- b) the Consolidated *Statement of Financial Position* gives a true and fair view of the state of affairs with respect to fundraising appeals; and
- c) the provisions of the *Charitable Fundraising Act 1991 NSW*, the Regulations under the Act and the conditions attached to the fundraising authority have been complied with by Group; and
- d) the internal controls exercised by the Group are appropriate and effective in accounting for all income received and applied by the Group from any of its fundraising appeals.

Dated at Sydney, 12 September 2018.

Kenneth Dean
President and Chairman

Independent Auditor's Report

To the members of Mission Australia

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Mission Australia the (the Company) and its controlled entities (the Group).

In our opinion the accompanying **Financial Report** of the Group is in accordance with Division 60 of the *Australian Charities and Not-for-profits Commission (ACNC) Act 2012* including:

- i. giving a true and fair view of the Group's financial position as at 30 June 2018, and of its financial performance and its cash flows for the year ended on that date; and
- ii. complying with Australian Accounting and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013.

The **Financial Report** comprises:

- i. Statement of financial position as at 30 June 2018.
- ii. Consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows for the year then ended.
- iii. Notes including a summary of significant accounting policies.
- iv. Directors' declaration of the Group.

The **Group** consists of the Company and the entities it controlled at the year-end or from time to time during the financial year.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *ACNC Act 2012* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

Other information

Other Information is financial and non-financial information in Mission Australia's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

The Other Information we obtained prior to the date of this Auditor's Report was the Directors' report.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- i. Preparing the Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and the ACNC.
- ii. Preparing the Financial Report in accordance with Section 24(2) of the Charitable Fundraising (NSW) Act 1991 and Regulations and with Section 15(1) and 15(2) of the WA Charitable Collections Act 1946 and Regulations 1947.
- iii. Implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- i. to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- ii. to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Report.

As part of an audit in accordance with *Australian Auditing Standards*, we exercise professional judgement and maintain professional scepticism throughout the audit.

We also:

- i. Identify and assess the risks of material misstatement of the Financial Report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the Audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the registered Group's internal control.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- iv. Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the registered Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the registered Group to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the Financial Report, including the disclosures, and whether the Financial Report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors of the registered Group regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

In addition we have:

- i. Obtained an understanding of the internal control structure for fundraising appeal activities.

- ii. Examined on a test basis of evidence supporting compliance with the accounting and associated record keeping requirements for fundraising appeal activities pursuant to the Act and Regulations.

We have not audited on a continuous basis the accounting records relied upon for reporting on fundraising appeal activities. These do not necessarily reflect accounting adjustments after the event or normal year-end financial adjustments required for the preparation of Financial Report such as accruals, prepayments, provisioning and valuations.

Opinion pursuant to the Charitable Fundraising Act (NSW) 1991

In our opinion:

- i. the Financial Report gives a true and fair view of the Group's financial result of fundraising appeal activities for the financial year ended 30 June 2018;
- ii. the Financial Report has been properly drawn up, and the associated records have been properly kept for the period from 1 July 2017 to 30 June 2018, in accordance with the *Charitable Fundraising Act (NSW) 1991* and Regulations;
- iii. money received as a result of fundraising appeal activities conducted during the period from 1 July 2017 to 30 June 2018 has been properly accounted for and applied in accordance with the *Charitable Fundraising Act (NSW) 1991* and Regulations; and
- iv. there are reasonable grounds to believe that the Group will be able to pay its debts as and when they fall due.

Opinion pursuant to the Charitable Collections Act (WA) 1946 and Charitable Collections Regulations (WA) 1947

In our opinion, the Group has complied, in all material respects, with the requirements of the *Charitable Collections Act (WA) 1946* and *Charitable Collections Regulations (WA) 1947* for the year ended 30 June 2018.
